

# Gear From Head-To-Toe and Stock Ready To Go

## Discover how G-FORCE Racing Gear products enhance your bottom line.

**Affordable High-Quality Products** At G-FORCE Racing Gear we offer a complete line of top quality racing safety equipment at affordable prices. Our pricing structure has attractive margins for you and your jobbers.

**Brand Recognition** Customers today are not only interested in a good value, they are brand conscious. Being able to offer them a single brand from head-to-toe is often important when they make a purchase.

The G-FORCE Racing Gear name is known by your customers. They see competitors wearing it to the winner's circle at the track. They see International Speedway Corporation track personnel wearing it on television during race broadcasts. They have seen national marketing of G-FORCE Racing Gear products in trade and racing publications.

**Complete Product Line** G-FORCE Racing Gear has a complete line of racing safety equipment and accessories. You will find head-to-toe driver gear in sizes child to adult, for women or men, including hard to find XXX-Large sizes. For the interior of the race car you will find assorted

styles of harnesses and window nets available to meet the requirements of many sanctioning bodies. To aid in getting the race car to the tracks safely we offer trailer tie-downs and accessories.

**Stocking up** with everything a customer needs makes for one-stop shopping and they tend to buy more — increasing your sales and profits. And your purchasing department will appreciate the ability to save money and time by making bulk purchases from a single-source provider.

**Growth** With the racing and performance businesses, stock availability has always been an issue, but at G-FORCE Racing Gear, we are taking the steps to expand ahead of the growth of our distribution network. Production has been tripled as expectations for growth have been surpassed.

At G-FORCE Racing Gear our bottom line is to enhance yours.
