

HOT RODS OF TOMORROW *continued from pg. 7*

Anaheim, CA took first place at the Division 7 Hot Rodders of Tomorrow Engine Challenge Championship Hosted by Edelbrock's 5th annual "Rev'ed up 4 Kidz" charity car show Sunday April 25th, 2010 at Vic's Garage.

Team Edelbrock - North Orange County ROP from Anaheim, CA will be representing Division 7 at the National Championship dubbed "Showdown at SEMA" at the SEMA Show in Las Vegas in November. There they will be competing against Division 2 winner - Team ARP - East Ridge High School from Chattanooga, TN, Division 3 winner - Team PRW - Fremd High School from Palatine, IL and the winners from the Division 4 (Painless Performance Open House) and Division 8 (Lane Automotive Car Show) championships plus a wildcard team, the best second place team nationwide.

The current wildcard is also a Division 7 competitor, Team Autometer - Loara High School from Anaheim, CA due to their exceptional time of 38 minutes and 24 seconds. They may be going to the Showdown at SEMA as well.

DIVISION 7 RESULTS:

- 1st Place - **Team Edelbrock**
North Orange County ROP, Anaheim, CA
- 2nd Place - **Team Autometer**

INDUSTRY NEWS

Eric Durrant is Promoted to National Sales Manager, Aeroquip® Performance Products

Eric Durrant has been named to the position of National Sales Manager, Aeroquip Performance Products.

In this key role, Eric will be responsible for developing and implementing strategic initiatives to grow the Aeroquip Performance Products business.

Eric has been with Eaton since 2002 and has held several positions within the Hydraulics Fluid Conveyance Group. Eric's strengths in both engineering and product development combined with sales experience should assist him in this new role.

He also has a Bachelors of Mechanical Engineering degree and his MBA from the University of Toledo. Go to www.eaton.com/aeroquipperformance to learn more about Aeroquip Performance Products.
